

**Tennessee Pharmacists Association (TPA)
Tennessee Pharmacists Research & Education Foundation (TPREF)
Executive Residency
2010-2011**

You are a future leader in pharmacy and understand the contributions pharmacists can make to the future of health care. You want to build a career beyond what is currently available to you. You want a non-traditional exciting job with a limitless future, but you don't want to leave pharmacy. Do you want to learn from, be mentored by, and become a *current* leader in health care?

The Tennessee Pharmacists Association (TPA) is excited to announce the fourth annual TPA/TPREF Executive Residency in Association Management/Health Policy for pharmacists. This residency program will allow the resident to learn firsthand how to lead an association during one of the most tumultuous times in the history of American health care. You will gain important skills that will help you be successful in any setting.

During tenure as the TPA/TPREF Executive Resident, interact with influential leaders from national and state pharmacy associations, the Tennessee Board of Pharmacy, other government agencies, provider and advocacy organizations, managed care organizations and other payor groups, pharmaceutical manufacturers, and academia. The Resident will be exposed to and become well-versed in the most pressing health care issues of the day.

The Tennessee Pharmacists Association is comprised of pharmacists from every practice setting including community, health-system, long-term care, academia, industry, consulting, and more. The mission of TPA is to represent the profession of pharmacy as an integral component of the health care delivery system to entities outside the profession; develop standards of practice which insure delivery of quality pharmaceutical care as a means of protecting and enhancing the public health; promote the enhancement of knowledge, ethics, and skills of pharmacists; and, insure the economic and professional success of pharmacists in all practice settings.

The Tennessee Pharmacists Research & Education Foundation is a non-profit entity dedicated to advancing the profession of pharmacy through research and education initiatives.
