TENNESSEE MTM IN MEDICAID PILOT PROGRAM:
THE NUTS AND BOLTS OF GETTING STARTED

March 14, 2018
12:00 pm Central / 1:00 pm Eastern

There is no charge for this informational webinar,
and no continuing education credits will be provided.

In November, TPA invited member pharmacists to enroll in the Tennessee MTM in Medicaid Pilot Program that the Association successfully championed during the 2017 legislative session. So far, over 140 pharmacists have enrolled, and many others have expressed an interest in learning more about the program and the enrollment process.

In response to pharmacists' increasing interest, TennCare is presenting a complimentary webinar to provide both an overview of the MTM in Medicaid Pilot Program and information that will assist in the enrollment process. Webinar details are shown below.

The Tennessee MTM in Medicaid Pilot Program has been recognized nationally as an innovative model for increasing patient access to pharmacist-provided care and incorporating pharmacists into Medicaid programs as medical providers. The infographic at tnpharm.org/mtm_medicaid_infographic provides a quick look at the MTM in Medicaid Pilot Program. Additional information is available from TPA [tnpharm.org/mtm-medicaid] and the State of Tennessee [bit.ly/2F9M9os].
