TPA encourages all independent community pharmacists to consider traveling into Washington, DC for NCPA's 2017 Congressional Pharmacy Fly-In, April 26-27. **TPA staff will work to coordinate meetings with your US Representatives and US Senators.** Once you make your plans to attend, email Micah Cost (micah@tnpharm.org) to let him know that you'll be there, all you have to do is show up and speak up!

This is a critical time for community pharmacists. Congress is writing the biggest health care laws in seven years, and you need to have a seat at the table. As an expert on pharmacy practice and patient care, lawmakers need to hear from YOU. The only way Members of Congress will understand the issues community pharmacy owners are facing is if you show up to tell them face-to-face about the valuable care and services that pharmacists provide, as well as issues related to PBMs which affect your patients and your pharmacy practice.

Make your voice heard in the halls of Congress by attending the Congressional Pharmacy Fly-In (formerly known as the Congressional Pharmacy Summit), April 26-27, 2017, and take an active role in advocating for our industry. NCPA has compacted the event and reduced the price, to make it easier for you to come to Washington to meet with key decision-makers who make things happen on Capitol Hill.

For registration, hotel information, and additional details visit: www.ncpanet.org/meetings/ncpa-congressional-pharmacy-fly-in

For specific questions regarding scheduling and Hill visits, please email micah@tnpharm.org.
