

Professional Development and Leadership Conference

BE THE LEADER THE PHARMACY PROFESSION NEEDS!

August 15-16, 2014 • Marriott Shoals Hotel & Spa, Florence, Alabama

The Professional Development and Leadership Conference is a unique opportunity available to pharmacists in Tennessee who are interested in becoming leaders in the profession of pharmacy.

The Conference is designed to provide an unequalled opportunity for pharmacists and student pharmacists in their first 10 years of practice (as a general guideline) to develop organizational skills which will enable both personal and professional growth. Nominate yourself or someone else for participation in this year's Professional Development and Leadership Conference.

Without committed, effective, visionary leaders and advocates, neither TPA nor the profession can flourish in Tennessee, and pharmacists and patients would feel the loss. Turbulent times build better leaders. Leaders develop solutions. With today's emphasis on medication therapy management, opportunities abound for pharmacists to play an ever-increasing role in healthcare and society. Going forward, effective pharmacy leadership is crucial to promoting the value of our services and protecting the profession and the public.

The Professional Development and Leadership Conference is designed to educate and prepare prospective pharmacy leaders, without whom the future of the profession and the safety of our patients are at risk. By spending time with TPA leaders in a relaxed retreat setting, participants gain invaluable "insider" knowledge about TPA and the profession in Tennessee. Moreover, they (you?) learn leadership and communication skills that will forever benefit them in their own professional and personal lives. And everyone has a great time in the process!

By popular demand, this year's Conference will again be held at the beautiful Marriott Shoals Hotel in Florence, Alabama. Spending time in this type of setting allows participants to make new friends, gain personal insights, and soak up knowledge.

Please don't hesitate to nominate yourself or someone you know for this event. Consider making a contribution to endow the conference and support future pharmacy leaders.
