

# Make TPA the Most Powerful Grassroots Force in Tennessee

## Join the TPA Legislative "HOT LINE" Network

When IMMEDIATE communication is required about pending legislation – and that has been increasingly frequent in the past several sessions – your profession needs you! The TPA has organized an e-mail/fax network in an effort to assure every member of the Tennessee General Assembly receives a timely contact from a pharmacist regarding key legislative issues. Every participating pharmacist must be committed to quick response (sometimes on short notice) for our efforts to be successful. If you are willing to be involved in this effort, please complete the information below.

Your Name: \_\_\_\_\_
